

Training Program Certified Calibration Technician (CCT) Refresher Course

Thursday-Friday, October 2-3, 2008
8:00 a.m. to 5:00 p.m.

Course Overview: This IAS training program is designed to provide a comprehensive review of the Body of Knowledge (BOK) for the ASQ Certified Calibration Technician (CCT) requirement. The course will rapidly cover all areas of the CCT body of knowledge, with emphasis on areas that are of special significance and considered to present a degree of difficulty. The major sections of the body of knowledge are:

- General Metrology (units of measure, physical constants, traceability, measurement standards, more.)
- Measurement Systems (methods, data, instrument specifications, error sources, more.)
- Calibration Systems: (procedures, methods, regulatory requirements,
- Applied Mathematics & Statistics,
- Quality Systems & Standards, and
- Measurement Uncertainty.

Prerequisite: the student should have the education, training and work experience required to qualify for Certification as a Calibration Technician. Bring a scientific or engineering calculator with statistics functions.

Course fees include:

- Tuition
- Morning coffee, lunch, snacks
- Course notes
- Course text (The CCT Primer)

Those attending the course and completing all course work will receive a certificate of attendance.

Registration Deadline: September 22, 2008
